OBJECTIVE

Artificial Intelligence and Data Science undergraduate with strong skills in Python programming, data analysis, and web development. Experienced in building applications using Django and Flask. Quick learner with strong problem-solving abilities and interest in practical software development.

EDUCATION

M.Tech – Artificial Intelligence & Machine Learning (Pursuing)
VIT Bhopal University

Aug 2026 – Present

B.Tech – Artificial Intelligence & Data Science, CGPA: 6.34
Mahakal Institute of Technology, Ujjain

2022 – 2026

EXPERIENCE

Data Science Intern

Jul 2025 – Aug 2025

Cognifyz Technologies

- Worked on data preprocessing, exploratory data analysis (EDA), and machine learning tasks.
- Performed data cleaning, visualization, and feature engineering using Python libraries.
- Built predictive models and evaluated their performance using Scikit-learn.
- Worked with Pandas, NumPy, Matplotlib, and Excel for data analysis.

MIS Executive Trainee

Boomax Media

- Prepared and maintained daily MIS reports using Microsoft Excel.
- Collected, validated, and managed business data for accurate reporting.
- Generated daily, weekly, and monthly operational reports.
- Coordinated with multiple departments to ensure data consistency.
- Analyzed business reports to support decision-making.

PROJECTS

Smart Mirror System

Tech Stack: Python, Raspberry Pi

- Designed a smart mirror displaying time, weather, and calendar updates.
- Integrated Raspberry Pi hardware with Python software.
- Developed a real-time graphical display interface.

Clothing E-Commerce Website

Tech Stack: Python, Django, HTML, CSS

- Built a web-based clothing store using Django.
- Implemented authentication, product catalog, and shopping cart.
- Connected frontend and backend for a seamless user experience.

Speech-to-Text Web Application

Tech Stack: Python, Flask, SpeechRecognition, HTML, CSS

- Developed a speech-to-text web application using Flask.
- Implemented real-time microphone recording and audio upload.
- Enabled downloading of transcribed text files.
- Integrated backend speech processing with a responsive frontend.

SKILLS

Python • C • SQL • HTML • CSS • JavaScript • Django • Flask • MySQL • Excel • Power BI

CERTIFICATIONS & ACHIEVEMENTS

- | | |
|--------------------------------------|-------------|
| • Python Tutorial – Simplilearn | 12 Jan 2024 |
| • Python and Flask Framework – Udemy | 10 Jul 2024 |
| • AINCAT 2025 – Naukri Campus | 30 May 2025 |
